Hello chess friends!

It looks like we have started a tradition with a Barbeque party close to the end of the tournament. Like previous years we will have this party at Nordgården, a farm 12 kilometres from the city centre. Actually, this is the home of the Chief Organizer Jan Sigmund.

What is this party like? You will be served a solid meal, and have the possibility of free beer, wine and soft drinks. Since you are on a farm there is space enough to walk around, for instance to the sea. You can look at the animals (goats) or just relax and chat. If we are lucky maybe some entertainment will take place 😊

The first bus will be leaving from Scandic at 19:15, and the second at 20:05. If someone is playing until the last minute, they will not miss the party as we will also go with cars.

Would you like to know the menu? You will this time get: Fish-soup based of salmon, Gravlax (salmon cured for a few days with pepper, sugar, salt, dill, honey and cognac) and various Grilled Meat. You will also find Bread, Green Salad, Boiled potatoes and Rice.

Remember that this is an outdoor event, and the evenings can be cold. Take warm clothes with you.

So, don't hesitate – sign up now!! I need to know on Thursday if you are in.

Regards, Jan Sigmund
